

ANNUAL REPORT 2024-25

Dear esteemed guests, our patrons, parents and dear friends

Jai Bharat!

You don't have to be great to start, but you have to start to be great!

I am filled with pride and gratitude to share that this year has been extraordinary for us. DDPS is always committed to provide a nurturing environment that fosters academic excellence, creativity, and character development. This year our focus was on bringing out the best in every child. Stage presentations and special assembly became a regular routine which gave every DDPian a chance to overcome stage fear. Through our celebrations of Janmashtami, Ram Navmi and various other cultural events we tried to develop pride for our Motherland. Not only this we hosted TED x event this year, with 18 eminent speakers from various fields.

VIVIDH with a theme of Indian Knowledge System made each one of us aware about our rich heritage. With more than 2000 participants and 500 plus projects, it attracted approximately 4000 visitors.

This year we also introduced several initiatives to enhance our students' learning experience. From incorporating technology into our classrooms, School App, ERP, lab visits, authors talk, practicals for Science and Mathematics from grade 1 to promoting experiential learning through projects and activities, we are constantly seeking innovative ways to engage and inspire DDPians. As NEP focuses on inter disciplinary approach, We introduced Humanities to offer students a wide variety of subjects. In the upcoming session we are introducing Coding and AI as skill subject for classes 6-8.

As is the need of the hour.

Our focus on holistic education extends beyond academics. Our school also bagged prestigious INNOVATIONS IN SDGS AWARD: AT India Circular Economy forum New Delhi for educating students on waste reduction, energy conservation, and climate action.
